BLACKWOODS IS EXCITED TO PARTNER WITH **BAR'S LEAKS** **AUSTRALIA**

BAR'S LEAKS

For over 70 years, Bar's Leaks manufacture and market some of the most trusted names in automotive chemicals and cleaning products. Whether you are looking for a preventative or a quick "pour in" solution, keep your vehicle running smoothly with Bar's Leaks.

Bar's Leaks first revved up back in 1947, when it created the now - famous formula to stop a radiator leak from within. Products include the Bar's Leaks radiator products plus the market leading Bar's Bugs windscreen washer additive range, and now Workshop Hero.

In addition to retail products, Bar's Leaks manufacture a range of custom home branded products for automotive dealerships and wholesalers in the form of fuel additives, upper engine cleaners and general multipurpose cleaners.

Blackwoods

BAR'S BUGS WASHER FLUID

Bar's Bugs has been the leading name in windscreen additives for more than 40 years.

Locally manufactured in both Australia and New Zealand, it has become Australia's #1 windscreen cleaner.

Bar's Bugs produces a range of car care and multipurpose products designed to suit Australia's unique conditions.
