BLACKWOODS WHO WE ARE

Since our beginning in 1878, Blackwoods has been dedicated to serving the marine industry with exceptional expertise. Today, as an Australian-owned company, we take immense pride in the mutual respect we share with both our suppliers and customers.

We have diversified and grown over the years, to become a market-leader in providing end-to-end Maintenance Repair Operations (MRO) and Industrial Safety solutions, for small to large businesses across Australia and New Zealand. Our success is built on understanding our customers and meeting their needs at every stage of service, from product supply to product support, to industry sector expertise.

From small businesses to national and multinational corporations, our expansive reach and diverse portfolio allow us to cater to a wide range of industries including mining, oil and gas, construction, transport, agriculture, government, manufacturing, engineering, transport, fire and rescue, logistics, and storage.

UNBEATABLE RANGE & VALUE

Blackwoods provides services and solutions that are accessible, continuous, and effective. We have more than 200,000 customers spanning 77,000 sites across Australia and New Zealand. Over 5,000 suppliers provide us with more than 300,000 products via our national network. We leverage global sourcing capabilities and strategic partnerships with world-class brands and suppliers to source the best products at the most competitive prices.

Blackwoods gives you the ability to order everything from a single supplier. We'll work with you to reduce total cost of ownership by rationalising your product range, consolidating vendors, aggregating spend, improving inventory control and leveraging a national and global footprint to provide reliable delivery.

DIGITAL CAPABILITIES

Our B2B digital platform is world-class and reflects our continued investment in data and digital capabilities. Our system offers a wide range of control measures, including workflow approval processes, cost centre allocation, and custom baskets by user profile. These measures are designed to improve operational efficiencies and cost savings. Additionally, we can customise your online features and functionality to suit different employee ordering and serviceability requirements.

OUR DIGITAL CAPABILITY & CHANNELS

Placing orders on the Blackwoods website is a non-integrated order channel where internet is the only requirement for all customers.

- Works on any mobile device
- Quick and easy to search for products
- Ability to govern users and spend
- Order and invoice summary at your fingertips

EDI INTEGRATION WITH BLACKWOODS

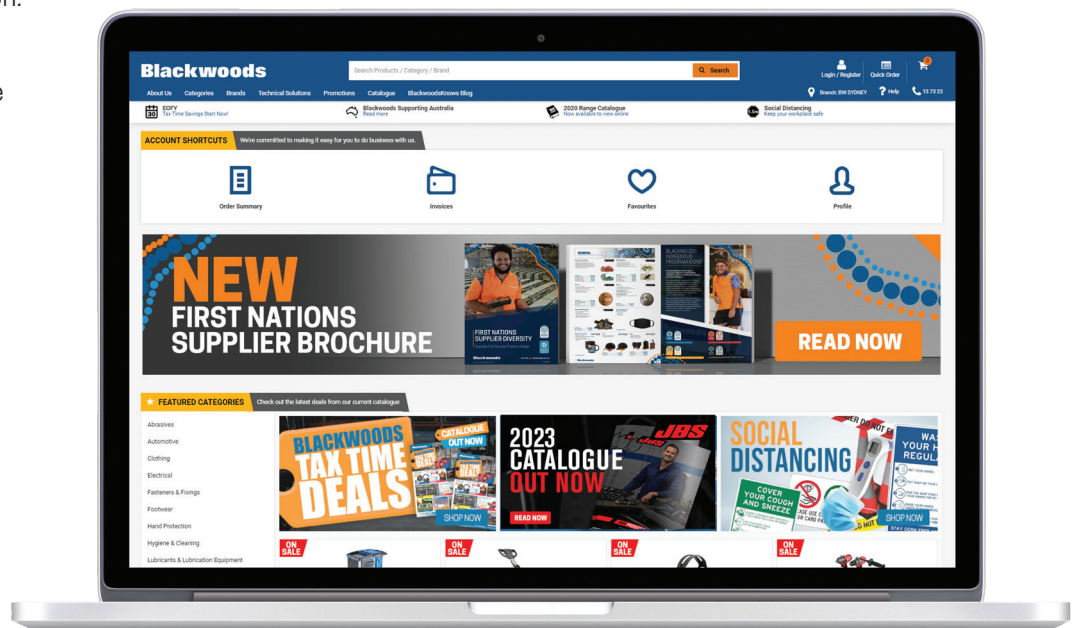

Blackwoods offers EDI Integration to enable a complete Procure to Pay functionality.

- Multiple VAN Options, such as B2Be, ARIBA
- Secure Network Transactions and Automated Purchasing Process
- Streamlined Procure to Pay Process
- Foundation to Develop SLA and KPIs

PUNCH-OUT WITH BLACKWOODS

Blackwoods offers an e-Procurement solution enabling users to access Blackwoods website through their ERP application.

- Online e-Catalogue
- Seamless Data Capture
- Real Time Pricing
- Order Accuracy

ELECTRICAL END TO END CAPABILITY SOLUTIONS

Blackwoods has a national footprint that covers 6 distribution centres with national branches, making it easy for customers to access over 100,000 electrical products to meet their needs.

From industrial lighting to electrical cables and circuit protection, radio communication and telecom equipment, to head lamps, lugs and connectors, industrial switches and air conditioners, Blackwoods carries an extensive range of products to suit diverse customer requirements. If a specific product is not available, we can leverage our extensive network of suppliers to find a solution for you.

With more than 100,000 electrical products available, Blackwoods is a one-stop-shop for all electrical needs.

Specialist Support

We have a dedicated Customer Care team that provides a smooth process for all transactions and deliveries. Our Electrical Specialists are available to provide ongoing product advice and solutions to meet customers' needs.

Onsite Services

We provide onsite services and facilities, including warehousing and vending, enabling products to be stored at customers' sites, which is often critical for businesses working in remote locations.

Expertise

Alongside category-leading suppliers, we have a team of highly skilled Electrical engineers with industry-specific knowledge and experience that ensure our customers' select the right products for their business.

Capability

We understand that having the biggest range of products, the best prices, and all the expertise won't matter until those products are in your hands. That's why we are proud to have exceptional delivery capabilities that help to ensure your operations can continue without interruption.

AUTOMOTIVE END TO END CAPABILITY SOLUTIONS

With 6 distribution centres and national branches Blackwoods' national footprint provides access to more than 25,000 automotive products, making us your one-stop-shop for all automotive requirements.

Our comprehensive range covers vehicle batteries, filtration, electrical and lighting systems, underbody and suspension components, accessories, in-car technology, and adventure gear, down to the humble valve cap for your tyres. If we don't have a specific product in stock, we'll tap into our vast network of suppliers to find a solution.

Blackwoods can manage the product range and volume necessary to keep your business moving. A typical order for our mining clients might include 3,000 litres of motor oil, 2,000 filters, 20 GPS navigation systems, and a single valve cap. While others may struggle with delivering such a diverse product set, Blackwoods excels in handling the logistics.

Specialist Support

Our Customer Care team ensures a seamless customer experience for all transactions and deliveries.

Onsite Services

We offer onsite services and facilities, such as warehousing and vending, allowing products to be stored at customer sites—an essential service for businesses in remote locations.

Expertise

Our transparent, strong relationships with suppliers, combined with a portfolio of leading brands, enable our team of skilled Automotive Category Managers to leverage industry-specific knowledge and experience to recommend the right products for your business.

Capability

Blackwoods is your comprehensive solution for your automotive needs. We recognize that the largest product range, competitive prices, and unmatched expertise only matter when the products reach you. Our exceptional delivery capabilities ensure your operations can continue without interruption.
